## Champ Clark in Congress Since 1897 Among Those Caught in Landslide—Republicans Certain of Four New Senators—Socialists Elect One Member to the Upper Body

NEW YORK, Nov. 3.—The crest of the Republican election wave, both presidential and congressional, continued rising tonight as belated returns filtered in. Among new Democratic casualties were defeats of Champ Clark, of Missouri, former speaker and present Democratic leader in the house; re-election of a Republican congressman from Texas; re-election of a Republican senator from Missouri, and a sudden jump of Senator Harding into the lead in Oklahoma. Another border state, Tennessee, hung by a narrow margin, but with the Democrats leading. A Republican senate majority of about 10, as compared with but two at present and a house majority of around 100, as against forty odd, were other forecasts of the overwhelming majorities.

With about eight states still in the doubtful list in presidential and senatorial contests the huge majorities assured Senator Harding and Governor Coolidge of at least 346 electoral votes, with Governor Cox certain only of 127, and all from the "solid south" including Kentucky. The Republicans today added, Idaho, Maryland and South Dakota to their string, on the face of large majorities, and of the remaining states the Republicans were reported leading in Oklahoma, Arizona, Missouri, Montana, Nevada and North Dakota.

Democratic margins in New Mexico and Tennessee were reported. Among Republican senators elected were Lenroot, of Wisconsin who was opposed vigorously by Senator La Follette; Spencer of Missouri who defeated Breckinridge Long, former assistant secretary of state, and Jones of Washington, senate commerce committee chairman; Senator Phelan, Democrat, of California, was defeated by Samuel M. Shortridge, Republican, and Senator Smith, Democrat, Maryland, a veteran, lost to O. E. Weller, Republican.

Senator Nugent, Democrat, Idaho, was defeated by former Governor Gooding. President Withholds Comment. With majorities piling up in what Democratic leaders said was a "solemn referendum" upon the league of nations, President Wilson withheld any comment. Bainbridge Colby, secretary of state expressed disappointment. Senator Johnson of California, leading "reconciliation" stated that the election meant the "end of the league," and another, Senator Reed, Democrat, Missouri declared that the fight upon the league issue was a "tragic mistake" and had split the Democratic party.

Defeat of former Speaker Clark was one of the election surprises. He has served in the house continuously since 1897 as one of the Democratic stalwarts and received a majority of votes for the presidential nomination at Baltimore when President Wilson was chosen. He probably will be succeeded as minority leader by Representative Kitchen, Democrat, North Carolina.

The Republicans broke into the solid Democratic congressional delegation from Texas thru the defeat of Representative Bee of San Antonio, a relative of Postmaster General Burleson. Another Democratic veteran Representative John W. Rainey, of Illinois, also went down to defeat. The Prohibition party will be without formal representation in the next congress. Representative Randall of California, lone Prohibition member, having been defeated. The Socialist party, however, again will have a member, Meyer London from New York City. He won over Representative Goldfogle, Democrat, who defeated him two years ago. Former Representative Victor Berger, Milwaukee, Socialist, was defeated by Representative Stafford, Republican.

Representative Mondell of Wyoming, house Republican leader was reelected according to late returns tonight and probably will continue his position. Certain of Four Senators. With Republican candidates leading in several states the Republicans were certain of a gain of four senators from California, Idaho, Maryland and South Dakota. In the house the Republicans had scored a net gain of more than thirty. Among their gains were the following: California, 3; Illinois, 2; Maryland, 2; Massachusetts, 2; New Jersey, 1; New York, 6; Ohio, 6; Pennsylvania, 5, and 2 in Utah. The Democrats gained 3 seats in New York from the Republicans.

Another Democratic casualty was the election of Nathan L. Miller, Republican, to succeed Governor Al Smith of New York.

# BRYAN PLACES BLAME FOR DEFEAT OF COX ON THE PRESIDENT

## Says That Cox Avoided Domestic Issues Thruout Campaign

### MISREPRESENTED REPUBLICANS

LINCOLN, Neb., Nov. 3.—W. J. Bryan placed what he termed the blame for Democratic defeat about equally between President Wilson and Governor Cox in a statement issued this evening. The president, he said laid the foundations for the disaster and the governor completed the structure.

The statement says in part: "The American people want the government to play its part in the abolition of war, but they are indifferent as to whether we are part of league or part of an association of nations. There is nothing in a name but everything in a sentiment. The real issue held by the Democratic party was not whether we should cooperate with other nations interested in peace but whether we should assume a moral obligation which had no weight except as it suspended the right of congress to act independently when the time arrived for action. The nation will do its part in aiding to prevent war, but it will not surrender into the keeping of any foreign group the right to determine when we shall declare war."

"Governor Cox instead of repairing the injury done by the president, aggravated the situation by the manner in which he avoided domestic issues and misrepresented the position of the Republican party on the league issue, which he declared to be paramount."

# P. P. CHRISTENSEN HAS PLEASANT DREAM

## Sees Victory for Farmer-Labor Party in 1924—Says Harding Vote a Protest Against Wilson Administration

SALT LAKE CITY, Utah, Nov. 3.—Parley P. Christensen, presidential nominee of the Farmer-Labor party sees in the victory of Senator Harding the elimination of the Democratic party as a factor in national politics. In a statement today he said:

"Our vote is every satisfactory. The result means that the next fight will be between the Republican and the Farmer-Labor parties. The Democrats cannot come back. Organized labor also learned its lesson. We cannot hope for relief in either of the old parties. In the next fight labor will be united with the farmers and other forward-looking people in the Farmer-Labor party."

"The vote for Harding is very largely a protest vote, a vote of disgust with conditions and especially against the Wilson administration. Our campaign has just commenced. Today we begin our organization work for the congressional elections of 1922 looking to a complete rout of the old reactionary Republican party in 1924."

# DEBS SAYS PEOPLE HAVE NOT PROFITED

## Predicts Socialism Will Flourish Like a Green Bay Tree—Says Wall Street Will Still Be In Saddle

ATLANTA, Ga., Nov. 3.—"There never was any doubt about the result of yesterday's election," Eugene V. Debs, Socialist candidate for president said in a statement today. "The fate of the Democratic party was sealed at the Versailles peace conference. One thing was made clear by the election returns. President Wilson, Attorney General Palmer and Postmaster General Burleson now know what the American people think of their despotic administration. "But unfortunately the people have not profited by past experience. They need look for no improvement in conditions as a result of the election. Wall street is still in the saddle under Harding as it was under Wilson."

"Politically speaking, the American people have the cheerful habit of jumping from the frying pan into the fire and back again."

The Socialist nominee added that "Socialism will flourish like a green bay tree under the Harding administration."

# HARDING PLEASED WITH PERSONNEL OF NEXT CONGRESS

## Left Front Porch to Help in Senatorial Fight

### BEGIN TO TALK ABOUT CABINET

MARION, O., Nov. 3.—Warren G. Harding spent his first day as president-elect resting from the tension of election night and reviewing the returns with particular attention to the make-up of the sixty-seventh congress. He expressed keen pleasure as the growing figures confirmed a Republican gain in both senate and house, for he had told his friends that his greatest apprehension over the outcome had not been a fear of defeat for himself so much as a realization that as chief executive his hands might be tied by lack of a working party majority in the legislative branches.

His interest thruout the last weeks of the campaign turned specifically to the senatorial situation and it was known in the inside circles of the party that it was to aid Republican senatorial candidates more than for any other one cause that he left his front porch and made a swing around the circle of states.

As for his own fortunes he said today that he had never been in doubt for a moment from the time of his nomination. He did voice surprise at the tremendous majorities piled up for him, however, declaring the result had over-reached his fondest hopes.

Not Personal Triumph. Mr. Harding was not inclined to regard the triumph as a personal one. As he told many of his auditors during the campaign his feeling was that the decision would be made on issues rather than candidates, and the league of nations and the record of the Wilson administration at home were the determining factors.

The avalanche of congratulatory messages addressed to the president-elect and Mrs. Harding increased to proportions, today, many prominent Democrats being numbered among those who sent their good wishes. The defeated Democratic nominee, Governor Cox, sent a brief telegram accepting the result and the senator in a still briefer message thanked him. When Mr. Harding looked in at his office at the end of the afternoon no word had yet been received from President Wilson.

Now that the political complexion of the next administration is known definitely, gossip about cabinet selections is reviving and enough names to fill a dozen cabinets are being mentioned in current rumors as likely timber for the official circle of president-elect Harding.

Both Mr. Harding and his close advisers have indicated, however, that all of these forecasts are purely speculative and that the question of choosing a cabinet is one yet to be taken up. Probable Cabinet Members. In this under-current of speculation, which apparently is without sanction of authority, the names of several cabinet members are being mentioned. Officials include those of Elihu Root, Philander C. Knox, Henry Cabot Lodge, Charles Evans Hughes, Herbert Hoover, Major General Leonard Good, Governor Frank O. Lowden, former Senator John W. Weeks, Harry M. Daugherty and many others.

# SOCIALISTS SEND DEBS TELEGRAM

## Tell Him American People Have Repudiated Wilson and All His Works

CHICAGO, Nov. 3.—Socialist national headquarters tonight sent a telegram to Eugene V. Debs, Socialist nominee for the presidency at Atlanta penitentiary telling him the "American people have repudiated Wilson, Palmer and Burleson" and that "the Republican landslide was not only against the league of nations but against Wilson and all his works."

Continuing the message said: "Mass of workers not yet sufficiently educated to realize fully of this remedy. Returns too incomplete to make definite predictions on vote for president. Number of legislators elected in New York, Wisconsin and Minnesota. With fraternal love and greetings from the million and a half Socialists voting. (Signed) "Otto Branstetter, Secretary."

# OVERWHELMING DEFEAT DOES NOT KILL COX SMILE

## May Make Trip to Europe to Study Conditions

### WILL HUNT IN MISSISSIPPI

DAYTON, O., Nov. 3.—Governor Cox, the defeated presidential candidate, looking forward to the time he will surrender his state office in January, announced tonight that he was considering a trip abroad early next year to study conditions in Europe. Meanwhile, he said, he planned to work and rest, leaving here for the state capital on Friday and starting the middle of next week for a hunting trip in Mississippi.

Today found the governor apparently in the same mental state as when he watched the returns last night bring in continuous unfavorable news. His smile was still apparent tonight and the mass of telegrams seemed unanimous in declaring he had made a "good fight."

Sends Harding Telegram. The governor's first act today was to send a congratulatory message to Senator Harding the president-elect in which he volunteered as a "citizen" to support the nation's chief executive in "whatever emergency might arise."

No formal statement was made by the governor over the election result and his newspaper, commenting editorially, did not attempt to analyze the returns. It was the governor's message to Senator Harding that carried the defeated candidates formal concession of his defeat.

Little in the belated returns today served to soften the sting of defeat. For the first time in the governor's political career his home county of Montgomery, including his city, went against him. Senator Harding carrying it by about 8,000 plurality.

The governor divided his time today between his farm at Jacksonburg, the place of his birth. While at the farm he helped the farm workers husk corn.

# PRESIDENT WILSON HAD NO COMMENT TO MAKE

## Rear-Admiral Grayson Stated His Health Had Not Been Affected by Result of the Election

WASHINGTON, Nov. 3.—(By The Associated Press)—President Wilson had no comment to make today on the result of Tuesday's election, nor did he send any message of congratulation to President-elect Harding.

Having received only the preliminary returns before retiring last night the president arose early this morning and after breakfast scanned the later figures of the Republican victory as contained in the morning newspapers. Later he spent some time on the south portico of the White House and conferred with Secretary Tumulty.

Rear-Admiral Cary T. Grayson, the president's personal physician made a special visit to him at noon and stated that the president's health apparently had been unaffected by the result of the election. He said the president had had a restful night and that he was in good condition."

# MILLER ELECTED OVER SMITH IN NEW YORK STATE

## Estimated Plurality is in Excess of 70,000

### GIVES PARTY CLEAN SWEEP

NEW YORK, Nov. 3.—(By The Associated Press)—Election of Nathan L. Miller of Syracuse as governor by an estimated plurality slightly in excess of 70,000, as shown in revised figures tabulated tonight, assured the Republicans of a clean sweep in yesterday's election.

With but 187 districts missing at 10:30 o'clock tonight, Miller was leading Smith by 58,047 votes. The actual returns gave: Miller ..... 1,245,456 Smith ..... 1,175,409

Belated returns continued to roll up the overwhelming plurality in New York for Senator Harding. The vote tabulated gives Harding 1,829,862; Cox 778,706. If Harding's present ratio of gain is continued, he will carry New York state by an unprecedented plurality of 1,200,000.

United States Senator James W. Wadsworth, Jr., also was elected by a handsome plurality over his Democratic opponent, Lieutenant Governor Harry C. Walker.

New York City went Republican in the presidential contest for the second time in its history. McKinley having turned the trick on Bryan in 1896.

# NEW YORK CITY HAS ANOTHER BAFFLING MURDER MYSTERY

## Wealthy Club Man Was Found Dead in Hotel Room

NEW YORK, Nov. 3.—A murder mystery baffling in motive tonight confronted the police investigating the death of Leads Vaughn Waters, wealthy clubman of London and a room in the Plymouth Hotel here. Death resulted from a fractured skull, caused, police believe by blows from Waters' own cane wielded by a man who accompanied him to the hotel last night and who rushed from the room still carrying the walking sticks a few seconds before the body was found. He left, as clues upon which the police are working, finger prints on a mirror in the room and the name "James Dunn, Milwaukee," upon the hotel register.

Waters registered at the hotel as "J. Talbot, Milwaukee." He was a member of a family of piano manufacturers and had been living with his mother in a Bronxville Hotel since Oct. 26.

LEWIS CONGRATULATES GOVERNOR-ELECT SMALL. CHICAGO, Nov. 3.—James Hamilton Lewis, defeated Democratic candidate for Governor today telegraphed Governor-Elect Small congratulating him on his election.

# ROOSEVELT PLEDGES SUPPORT TO NEW ADMINISTRATION

## Says Everybody Should Help in Working Out Problems

### WILL HAVE SUPPORT OF THE WOMEN

NEW YORK, Nov. 3.—Franklin D. Roosevelt defeated Democratic candidate for vice-president in a statement said he hoped "that Americans of all parties will give whole-hearted support to the new administration in working out problems that confront us."

"The result of the election in no way changes the duty of this country to join with the other nations in the splendid effort to solve international difficulties to end militarism and to avoid future wars for all time," Mr. Roosevelt added.

"A general awakening among the voters of the country as to the need of an immediate and broad reorganization or the archaic administrative machinery of the government and business methods of the congress afford an opportunity to Senator Harding and Governor Coolidge for constructive leadership."

"They occupy a strategic position never in modern times accorded to an administration for they combine a senate and house apparently of the same political faith with a demand on the part of the public that action be taken for the national rather than for the partisan good."

"Furthermore the new administration will have for the first time the political power of the women of the country to support them in the reforms affecting education, hygiene and welfare of our children, which political leaders have so often neglected as being peculiarly within the province of the home rather than of the state. In all honest and continuing effort in these directions the new government, will of course, have my hearty support."

# TENNESSEE'S NEW GOVERNOR ELECT

## Is Brother of Bob Taylor Who Was Elected Governor of Democratic Ticket—Candidate Himself Many Years Ago

NASHVILLE, Tenn., Nov. 3.—Col. Alf Taylor, Republican, whose election as governor of Tennessee over Governor Roberts, Democrat seemed to be indicated tonight is 72 years old. He ran for governor more than a third of a century ago and entered this year's contest after twenty-five years of political retirement.

Colonel Taylor is a brother of "Our Bob" late governor and Senator from Tennessee and the probability of his election recalls the memorable contests between the two brothers in 1886 for the governorship. Alf running as a Republican, and Bob as a Democrat.

An aged woman during the contest presented the brothers with clusters of roses, red for Alf and white for Bob.

The campaign thereupon and to this day was known as the "war of roses" and the "knight of the white rose" as Bob was termed won at the polls.

# EARLY FORECASTS OF HARDING VOTE ARE NOT CHANGED

## The Continued Ratio Will Give Over 800,000

### ENTIRE STATE TICKET ELECTED

CHICAGO, Nov. 3.—Returns from 4,653 precincts out of 5,730 in Illinois, including 2,149 in Cook county and 2,504 downstate for president, give: Cook County: Harding ..... 504,286 Cox ..... 167,894 Downstate: Harding ..... 586,397 Cox ..... 254,433 Total: Harding ..... 1,090,683 Cox ..... 422,327 Harding's plurality 667,356

CHICAGO, Nov. 3.—Returns from 4,592 precincts out of 5,730 in Illinois, including 2,145 in Cook county and 2,447 downstate for governor give: Cook County: Small ..... 427,799 Lewis ..... 289,328 Downstate: Small ..... 537,589 Lewis ..... 282,090 Total: Harding ..... 965,388 Lewis ..... 571,018 Small's plurality 393,370

CHICAGO, Nov. 3.—The enormous indicated plurality of Senator Warren G. Harding for President forecasted by early returns last night was completely upheld as figures continued to come in tonight from Illinois precincts.

With all but 1,324 of the state's 5,730 precincts reporting, the Republican nominee is leading Governor Cox by 638,445 votes with every indication that the missing precincts will put his total plurality above the 800,000 mark. The 4,066 precincts tabulated give him an average lead per precinct of 144.9 and if this ratio should be continued thru the state his plurality will reach \$30,277.

The figures tabulated are: Harding ..... 1,033,361 Cox ..... 339,918 Returns, still incomplete, but embracing the major portion of practically every county in the state, also show that: Congressman William B. McKinley, Republican, has been elected United States senator by a plurality which may exceed 600,000.

Len Small, Republican, is the governor-elect by a plurality estimated at more than 400,000. Twenty-four of the state's 27 congressmen are Republicans, a gain of two; one is Democratic, and two are in doubt. Democrats are leading in the two doubtful districts.

Entire State Ticket Elected. The entire state Republican ticket has been elected. Eighteen Republicans have been elected to the state senate from downstate, with the result in the other three districts outside of Cook county which held elections still in doubt.

The returns came in slowly thruout the day and at 9 o'clock tonight few counties had been able to report their complete vote. The enormous vote unusually heavy on the men's side and in addition increased at least 50 per cent by women's suffrage delayed the returns hours behind the usual schedule. In many districts when the extent of the landslide to the Republican National and state tickets became evident election officials dropped the canvass of those returns and turned to hot local issues in which the interest was keen.

# Champ Clark Goes Under in Landslide

ST. LOUIS, Mo., Nov. 3.—vote of 30,421 to Mr. Clark's 25,679 before the backers of the incumbent admitted that he had fought a losing battle.

Mr. Clark was elected to the house in 1893. In 1895 he was not chosen but in 1897 he again was the choice of his district and has represented it ever since.

In 1902 he was considered the favorite for the Democratic nomination for president but lost to Woodrow Wilson after a long fight, primarily through a break with William Jennings Bryan.

## ADDITIONAL DEFEATS ARE SHOWN IN LATE ELECTION RETURNS

Champ Clark in Congress Since 1897 Among  
Those Caught in Landslide—Republicans  
Certain of Four New Senators—Socialists  
Elect One Member to the Upper Body

NEW YORK, Nov. 3.—The crest of the Republican election wave, both presidential and congressional, continued rising tonight as belated returns filtered in. Among new Democratic casualties were defeats of Champ Clark, of Missouri, former speaker and present Democratic leader in the house; election of a Republican congressman from Texas; re-election of a Republican senator from Missouri, and a sudden jump of Senator Harding into the lead in Oklahoma. Another border state, Tennessee, hung by a narrow margin, but with the Democrats leading. A Republican senate majority of about 10, as compared with but two at present and a house majority of around 100, as against forty odd, were other forecasts of the overwhelming majorities.

With about eight states still in the doubtful list in presidential and senatorial contests the huge majorities assured Senator Harding and Governor Coolidge of at least 346 electoral votes, with Governor Cox certain only of 127 and all from the "solid south" including Kentucky. The Republicans today added, Idaho, Maryland and South Dakota to their string, on the face of large majorities, and of the remaining states the Republicans were reported leading in Oklahoma, Arizona, Missouri, Montana, Nevada and North Dakota.

Democratic margins in New Mexico and Tennessee were reported. Among Republican senators elected were Lenroot of Wisconsin who was opposed vigorously by Senator La Follette; Spencer of Missouri who defeated Breckinridge Long, former assistant secretary of state, and Jones of Washington, senate commerce committee chairman; Senator Phelan, Democrat, of California, was defeated by Samuel M. Shortridge, Republican, and Senator Smith, Democrat, Maryland, a veteran, lost to O. E. Weller, Republican.

Senator Nugent, Democrat, Idaho, was defeated by Former Governor Gooding.

President Withholds Comment.

With majorities piling up in what Democratic leaders said was a "solemn referendum" upon the league of nations, President Wilson withheld any comment. Bainbridge Colby, secretary of state expressed disappointment. Senator Johnson of California, leading "reconcilable" states that the election meant the "end of the league," and another, Senator Reed, Democrat, Missouri declared that the fight upon the league issue was a "tragic mistake" and had split the Democratic party.

Defeat of Former Speaker Clark was one of the election surprises. He has served in the house continuously since 1897 as one of the Democratic stalwarts and received a majority of votes for the presidential nomination at Baltimore when President Wilson was chosen. He probably will be succeeded as minority leader by Representative Kitchin, Democrat, North Carolina.

The Republicans broke into the solid Democratic congressional delegation from Texas through the defeat of Representative Bee of San Antonio, a relative of Postmaster General Burleson. Another Democratic veteran Representative John W. Rainey, of Illinois, also went down to defeat.

The Prohibition party will be without formal representation in the next congress. Representative Randall of California, lone Prohibition member, having been defeated. The Socialist party, however, again will have a member, Meyer London from New York City. He won over Representative Goldfogle, Democrat, who defeated him two years ago. Former Representative Victor Berger, Milwaukee, Socialist, was defeated by Representative Stafford, Republican.

Representative Mondell of Wyoming, house Republican leader was reelected according to late returns tonight and probably will continue his position.

Certain of Four Senators.

With Republican candidates leading in several states the Republicans were certain of a gain of four senators from California, Idaho, Maryland and South Dakota. In the house the Republicans had secured a net gain of more than thirty. Among their gains were the following:

California, 3; Illinois, 2; Maryland, 2; Massachusetts, 2; New Jersey, 1; New York, 6; Ohio, 6; Pennsylvania, 6; and 2 in Utah. The Democrats gained 3 seats in New York from the Republicans.

Another Democratic casualty was the election of Nathan L. Miller, Republican, to succeed Governor Al Smith of New York.

Says That Cox Avoided Domestic Issues Thruout Campaign

## MISREPRESENTED REPUBLICANS

LINCOLN, Neb., Nov. 3.—W. J. Bryan placed what he termed the blame for Democratic defeat about equally between President Wilson and Governor Cox in a statement issued this evening. The president, he said laid the foundations for the disaster and the governor completed the structure.

The statement says in part: "The American people want the government to play its part in the abolition of war, but they are indifferent as to whether we are part of league or part of an association of nations. The real issue held by the Democratic party was not whether we should cooperate with other nations interested in peace but whether we should assume a moral obligation which had no weight except as it suspended the right of congress to act independently when the time arrived for action. The nation will do its part in aiding to prevent war, but it will not surrender into the keeping of any foreign group the right to determine when we shall declare war."

"Governor Cox instead of repairing the injury done by the president, aggravated the situation by the manner in which he avoided domestic issues and misrepresented the position of the Republican party on the league issue, which he declared to be paramount."

Sees Victory for Farmer-Labor Party in 1924—Says Harding Vote a Protest Against Wilson Administration.

SALT LAKE CITY, Utah, Nov. 3.—Parley P. Rear-Admiral Grayson Stated His Health Had Not Been Affected by the Result of the Election.

WASHINGTON, Nov. 3.—(By The Associated Press)—President Wilson had no comment to make today on the result of Tuesday's election nor did he send any message of congratulation to president-elect Harding.

Having received only the preliminary returns before retiring last night the president arose early this morning and after breakfast scanned the later figures of the Republican victory as contained in the morning newspapers. Later he spent some time on the south portico of the White House and conferred with Secretary Tumulty.

Rear-Admiral Cary T. Grayson, the president's personal physician made a special visit to him at noon today and stated that the president's health apparently had been unaffected by the result of the election. He said the president had had a restful night and that he was in good condition.

During the afternoon the president and Mrs. Wilson took their daily automobile ride. Mr. Wilson received no callers during the day and the only visitors at the White House executive offices were Henry Morgenthau, former ambassador to Turkey, and Norman E. Hapgood, former minister to Denmark.

## THE ANTI-POLICE VENDETTA CONTINUES

Dublin, Nov. 3.—The Anti-Police Vendetta continues. More policemen were ordered today at different places under daring circumstances. One was "kidnapped" and several were wounded.

As indicating the terror prevailing, the body of one murdered policeman lay twenty-four hours on the road and was passed by many persons before the authorities were informed.

The Athlone Printing Works, where the Westmeath Independent was published were burned early this morning by men in a military lorry with incendiary bombs and petrol. The damage is estimated at 100,000 pounds. By the destruction of the establishment three hundred employees are made idle.

Washington, Nov. 3.—Orders to withdraw 24 lake type steel steamers aggregating approximately 84,000 deadweight tons from service were issued today by the shipping board. The vessels are to be tied up at Norfolk, Va., under caretakers. The general shipping situation makes it difficult for the smaller craft such as these to find cargoes because of the slump in ocean freight rates, officials explained.

## MILLER ELECTED OVER SMITH IN NEW YORK STATE

Estimated Plurality is in Excess of 70,000

## GIVES PARTY CLEAN SWEEP

NEW YORK, Nov. 3.—(By The Associated Press)—Election of Nathan L. Miller of Syracuse as governor by an estimated plurality slightly in excess of 70,000 as shown in revised figures tabulated tonight, assured the Republicans of a clean sweep in yesterday's election.

With but 187 districts missing at 10:30 o'clock tonight, Miller was leading Smith by 58,047 votes. The actual returns gave:

Miller	1,306,503
Smith	1,245,456

Belated returns continued to roll up the overwhelming plurality in New York for Senator Harding. The vote tabulated gives Harding 1,829,862; Cox 778,706. If Harding's present ratio of gain is continued, he will carry New York state by an unprecedented plurality of 1,200,000.

United States Senator James W. Wadsworth, Jr., also was elected by a handsome plurality over his Democratic opponent, Lieutenant Governor Harry C. Walker.

New York City went Republican in the presidential contest for the second time in its history, McKinley having turned the trick on Bryan in 1896.

## NEW YORK CITY HAS ANOTHER BAFFLING MURDER MYSTERY

Wealthy Club Man Was Found Dead in Hotel Room

## FIN PRINTS FOUND ON MIRROR

NEW YORK, Nov. 3.—A murder mystery baffling in motive tonight confronted the police investigating the death of Leads Vaughn Waters, wealthy clubman of London and New York, found early today in a room in the Plymouth Hotel here. Death resulted from a fractured skull, caused, police believe by blows from Waters' own cane wielded by a man who accompanied him to the hotel last night and who rushed from the room still carrying the walking sticks a few seconds before the body was found. He left, as clues upon which the police are working, finger prints on a mirror in the room and the name "James Dunn, Milwaukee," upon the hotel register.

Waters registered at the hotel as "J. Talbot, Milwaukee." He was a member of a family of piano manufacturers and had been living with his mother in a Bronxville Hotel since Oct. 26.

## ROOSEVELT PLEDGES SUPPORT TO NEW ADMINISTRATION

Says Everybody Should Help in Working Out Problems

## WILL HAVE SUPPORT OF THE WOMEN

NEW YORK, Nov. 3.—Franklin D. Roosevelt defeated Democratic candidate for vice-president in a statement said he hoped "that Americans of all parties will give whole-hearted support to the new administration in working out problems that confront us."

The result of the election in no way changes the duty of this country to join with the other nations in the splendid effort to solve international difficulties to end militarism and to avoid future wars for all time." Mr. Roosevelt added.

"A general awakening among the voters of the country as to the need of an immediate and broad reorganization or the archaic administrative machinery of the government and business methods of the congress afford an opportunity to Senator Harding and Governor Coolidge for constructive leadership."

"They occupy a strategic position never in modern times accorded to an administration for they combine a senate and house apparently of the same political faith with a demand on the part of the public that action be taken for the national rather than for the partisan good."

"Furthermore the new administration will have for the first time the political power of the women of the country to support them in the reforms affecting in education, hygiene and welfare of our children, which political leaders have so often neglected as being peculiarly within the province of the home rather than of the state. In all honest and continuing effort in these directions the new government, will of course, have my hearty support."

## TENNESSEE'S NEW GOVERNOR ELECT

Is Brother of Bob Taylor Who Was Elected Governor of Democratic Ticket—Candidate Himself Many Years Ago.

NASHVILLE, Tenn., Nov. 3.—Col. Alf Taylor, Republican, whose election as governor of Tennessee over Governor Roberts, Democrat seemed to be indicated tonight is 72 years old. He ran for governor more than a third of a century ago, and entered this year's contest after twenty-five years of political retirement.

Colonel Taylor is a brother of "Our Bob" late governor and Senator from Tennessee and the probability of his election recalls the memorable contests between the two brothers in 1886 for the governorship. Alf running as a Republican, and Bob as a Democrat.

An aged woman during the contest presented the brothers with clusters of roses, red for Alf and white for Bob.

The campaign thereupon and to this day was known as the "war of roses" and the "knight of the white rose" as Bob was termed won at the polls.

## Sylvia Pankhurst RELEASED ON BOND

London, Nov. 3.—Sylvia Pankhurst, who was sentenced to six months imprisonment October 28 on being adjudged guilty of attempting to cause sedition in the navy was released today on £2,000 bail pending an appeal. She signed an undertaking to sever her connection with the newspaper THE WORKERS' DREAUGHT in which an article entitled "discontent on the lower deck" figured in the charges against her. The undertaking also pledged the hearing of the case in January.

## ORDER INVESTIGATION

Washington, Nov. 3.—An investigation to determine whether there has been any violation of the law or unjust discrimination in the distribution of coal cars for interstate and foreign commerce was ordered today by the interstate commerce commission.

## ELECTION LEFT FRANCE ANXIOUS AND UNCERTAIN

Paris, Nov. 3.—The election in the United States left bourse circles anxious and uncertain today. The dollar advanced more than twenty points.

The returns came in slowly thruout the day and at 9 o'clock tonight few counties had been able to report their complete vote.

The enormous vote unusually heavy on the men's side and in addition increased at least 50 per cent by women's suffrage delayed the returns hours behind the usual schedule. In many districts when the extent of the landslide to the Republican National and state tickets became evident election officials dropped the canvass of those returns and turned to hot local fights in which the interest was keen.

## Champ Clark Goes Under in Landslide

ST. LOUIS, Mo., Nov. 3.—Vote of 30,421 to Mr. Clark's 25,679 before the backers of the incumbent admitted that he had fought a losing battle.

## EARLY FORECASTS OF HARDING VOTE ARE NOT CHANGED

The Continued Ratio Will Give Over 800,000

## ENTIRE STATE TICKET ELECTED

CHICAGO, Nov. 3.—Returns from 4,653 precincts out of 5,730 in Illinois, including 2,149 in Cook county and 2,504 downstate for president, gave:

Cook County:

Harding	504,286
Cox	167,894
Downstate:	
Harding	586,397
Cox	254,433
Total:	
Harding	1,090,683
Cox	422,327
Harding's plurality	667,356

CHICAGO, Nov. 3.—Returns from 4,592 precincts out of 5,730 in Illinois, including 2,145 in Cook county and 2,447 downstate for governor gave:

Cook County:

Small	427,799
Lewis	239,328
Downstate:	
Small	537,589
Lewis	282,690
Total:	
Harding	965,388
Lewis	521,018
Small's plurality	393,370

CHICAGO, Nov. 3.—The enormous indicated plurality of Senator Warren G. Harding for President, forecasted by early returns last night was completely upheld as figures continued to come in tonight from Illinois precincts.

With all but 1,324 of the state's 5,730 precincts reporting, the Republican nominee is leading Governor Cox by 638,445 votes with every indication that the missing precincts will put his total plurality above the 800,000 mark. The 4,066 precincts tabulated give him an average lead per precinct of 144.9 and if this ratio should be continued thru the state his plurality will reach 830,277.

The figures tabulated are:

Harding	1,033,361
Cox	294,918

Returns, still incomplete, but embracing the major portion of practically every county in the state, also show that:

Congressman William B. McKinley, Republican, has been elected nited States senator by a plurality which may exceed 600,000.

Len Small, Republican, is the governor-elect by a plurality estimated at more than 400,000.

Twenty four of the state's 27 congressmen are Republican, a gain of two; one is Democratic, and two are in doubt. Democrats are leading in the two doubtful districts.

## Entire State Ticket Elected

The entire state Republican ticket has been elected. Eighteen Republicans have been elected to the state senate from downstate, with the result in the other three districts outside of Cook county which held elections still in doubt.

The returns came in slowly thruout the day and at 9 o'clock tonight few counties had been able to report their complete vote. The enormous vote unusually heavy on the men's side and in addition increased at least 50 per cent by women's suffrage delayed the returns hours behind the usual schedule. In many districts when the extent of the landslide to the Republican National and state tickets became evident election officials dropped the canvass of those returns and turned to hot local fights in which the interest was keen.

## Champ Clark Goes Under in Landslide

ST. LOUIS, Mo., Nov. 3.—Vote of 30,421 to Mr. Clark's 25,679 before the backers of the incumbent admitted that he had fought a losing battle.

Mr. Clark was elected to the house in 1893. In 1895 he was not chosen but in 1897 he again was the choice of his district and has represented it ever since.

In 1902 he was considered the favorite for the Democratic nomination for president but lost to Woodrow Wilson after a long fight, primarily through a break with William Jennings Bryan.

## DECISIVE VOTE IS BEST

Majorities of both state and county candidates, to say nothing of the national result, are so large that there can be no doubt about the people's wishes. This is always gratifying, for a close vote leaves room for argument, and in some cases suspicion. The average defeated candidate would rather lose out by a decisive vote. If the vote is very close there are always regrets that just a little more pre-election effort was not used.

## THE CUMBERSOME BALLOT

The size of the ballot used in the election Tuesday and made necessary by present laws, gave proof that some changes in the law are quite advisable. There are some objections against the so-called "short ballot" which would make many state offices appointive by the governor instead of elective, but certainly some plan is needed for reducing the ballot size.

It is very probable that constitutional convention proposals of

election law changes will take care of his difficulty.

## NOT A SURPRISE

One of the most notable things about the election Tuesday was the calmness with which the people received the results. During the hours from 7 until midnight there were hundreds of men and women on State street, watching the returns from state and nation as they were flashed with a stereopticon. But there was seldom a cheer or any expression of surprise.

When states known as Democratic strongholds were reported as heavily Republican, nobody seemed surprised. The reason for all this calmness can be found in the state of the public mind. For weeks past a Republican victory had been conceded and the size of the vote occasioned no joyous surprise. The election night quiet was in strong contrast with some similar occasions in by-gone years.

## A LEADER READY FOR CONSEL

There is something very satisfying about the attitude of President-elect Harding. A fine modesty characterizes his comment on the tremendous vote given him. He says that this is not a personal victory, but an evidence of approval of Republican party principles and proposals. Then Mr. Harding goes on to say that he feels a definite humbleness of spirit in view of the great responsibility. But he hopes with Divine guidance and the assistance of counselors, to do those things that are best for the country. After several years of experience with a president who brooks no counsel, and who wants only associate workers whose "minds run along with his," this saying of the president-elect is particularly pleasing.

## NEWSPAPER MORTALITY

The Boston News Bureau, in discussing the astounding decrease in the number of newspapers in the country during the past three years, as quoted in the *Bloomington Pantagraph*:

The narrow margin of profit which exists in the newspaper business between publishing costs and selling price has been wiped out in a very large number of cases by the steady upward march of contract prices for newsprint. Many publications are now retailing on the streets for nearly the cost of the blank paper on which they are printed.

Naturally, this rising has caught and drowned many publishers who were not strong enough either to climb above it by raising their prices or to keep themselves afloat on the earnings of more profitable years in the past.

The magnitude of this flood tide and the number of its victims is indicated by the decline in registration of second-class publications with the postoffice department.

1919	.....1158
1918	.....1183
1917	.....91

These are not net figures. They do not measure the number of publications which were forced out of business, without offsetting it with the new publications registering for the first time. The full measure of discontinuation of established publications is contained in the figures of Messrs. Ayers & Son of Philadelphia. The compilation of this firm shows the following suspensions, net listings and net losses for the three years:

	1919	1918	1917
Publications suspended . . .	1689	1954	1659
New publications listed . . .	1043	778	1043
Net loss . . .	646	1176	616

These figures show that during the three years—1917, 1918 and 1919—5,302 publications were

These figures show that during the three years—1917, 1918 and 1919—5,302 publications went

out of business while 2,864 new publications were listed, leaving a net loss for the three years of 2,438. The Boston News Bureau concludes:

Only a few of the largest metropolitan dailies have their own print mills; only the largest publications—relatively few in number—contract direct with the producing companies for their supplies at the published contract prices.

The greater number of publications get their newsprint through jobbers and middlemen, and some of them do not even have contracts. These are the consumers whose need drives them to pay "spot" prices for newsprint—some as high as 12 and 15 cents a pound. A few years ago news print sold under 3 cents a pound.

## Rippling Rhymes

By Walt Mason

**Landlords.**  
I am looking for a shelter for my dachshund and my wife, and I canter, helter-skelter, thru the city's noise and strife. I would rent some humble abode two miles higher than the street, but the landlord names a price I cannot meet. I would rent a rustic bungalow underneath a squalid flat, but the landlord, from his casement, names a price that lifts my hat. Oh, the landlord is a peltor! I would scrimp me, w.h his krite, and I wander, seeking shelter with my dachshund and my wife. Up and down the streets I trundle, with my money in my hand, but my paltry little bundle doesn't seem in much demand; thru the town I've roamed and rubbed, and I hunt for lodgings still, but one cannot rent a cupboard with a fifty dollar bill. And the landlord, fat and greasy, pays guard checks and crassly, to the show that streaks my hair. He has no respect for sorrow; if I wish to rent a berth, I must go and steal or borrow more than his old coop is worth. When in summer heat I swelter, when the winter storms are rife, I must vainly seek for shelter, with my dachshund and my wife; and some morning you will find us lying in an alley dead, with our trail of smoke behind us, and a bitter sky overhead.

election law changes will take care of his difficulty.

## NOT A SURPRISE

One of the most notable things about the election Tuesday was the calmness with which the people received the results. During the hours from 7 until midnight there were hundreds of men and women on State street watching the returns from state and nation as they were flashed with a stereopticon. But there was seldom a cheer or any expression of surprise.

When states known as Democratic strongholds were reported as heavily Republican, nobody seemed surprised. The reason for all this calmness can be found in the state of the public mind. For weeks past a Republican victory had been conceded and the size of the vote occasioned no joyous surprise. The election night quiet was in strong contrast with some similar occasions in by-gone years.

## A LEADER READY FOR CONSEL

There is something very satisfying about the attitude of President-elect Harding. A fine modesty characterizes his comment on the tremendous vote given him. He says that this is not a personal victory, but an evidence of approval of Republican party principles and proposals. Then Mr. Harding goes on to say that he feels a definite humbleness of spirit in view of the great responsibility. But he hopes with Divine guidance and the assistance of counselors, to do those things that are best for the country. After several years of experience with a president who brooks no counsel, and who wants only associate workers whose "minds run along with his," this saying of the president-elect is particularly pleasing.

## NEWSPAPER MORTALITY

The Boston News Bureau, in discussing the astounding decrease in the number of newspapers in the country during the past three years, as quoted in the *Bloomington Pantagraph*: "The narrow margin of profit which exists in the newspaper business between publishing costs and selling price has been wiped out in a very large number of cases by the steady upward march of contract prices for newsprint. Many publications are now retreating on the streets for nearly the cost of the blank paper on which they are printed."

Naturally, this rising has caught and drowned many publishers who were not strong enough either to climb above it by raising their prices or to keep themselves afloat on the earnings of more profitable years in the past.

The magnitude of this flood tide and the number of its victims is indicated by the decline in registration of second-class publications with the postoffice department.

1919 .....1158  
1918 .....1183  
1917 .....91

These are not net figures. They do not measure the number of publications which were forced out of business, without offsetting it with the new publications registering for the first time. The full measure of discontinuation of established publications is contained in the figures of Messrs. Ayers & Son of Philadelphia. The compilation of this firm shows the following suspensions, net listings and net losses for the three years:

1919 1918 1917

Publications suspended .....1689 1954 1659

New publications listed .....1043 778 1043

Net loss .....646 1176 616

These figures show that during the three years—1917, 1918 and 1919—5,302 publications went

out of business where 2,864 new publications were listed, leaving a net loss for the three years of 2,438. The Boston News Bureau concludes:

Only a few of the largest metropolitan dailies have their own plant mills; only the largest publications—relatively few in number—contract direct with the producing companies for their supplies at the published contract prices.

The greater number of publications get their newsprint thru jobbers and middlemen, and some of them do not even have contracts. These are the consumers whose need drives them to paying "spot" prices for newsprint—some as high as 12 and 15 cents a pound. A few years ago newsprint sold under 3 cents a pound.

## Rippling Rhymes

By Wait Mason

**Landlords.**  
I am looking for a shelter for my dachshund and my wife, and I can't, helter-skelter, thru the city's noise and strife. I would rent some humble attic two miles higher than the street, but the landlord names a price I cannot meet. I would rent a rusty bannock underneath a squalid flat, but the landlord, from his casement, names a price that lifts my hat. Oh, the landlord is a peltier to whom I can't go with his knife and I wander, seeking shelter with my dachshund and my wife. Up and down the streets I trundle, with my money in my hand, but my paltry little bundle doesn't seem in much demand; thru the town I've roamed and rubbed, and I hunt for lodgings still, but one cannot rent a cupboard with a fifty dollar bill. And the landlord, fat and greasy, pays no heed to my despair, to my nagging cheeks and creases, to the snow that streaks my hair. He has no respect for sorrow; if I wish to rent a berth, I must go and steal or borrow more than his old coop is worth. When in summer heat I sweater, when the winter storms are rife, I must vainly seek for shelter, with my dachshund and my wife; and some morning you will find us lying in an alley dead, with our trail of smoke behind us, and a bitter sky overhead.

## PLAN CONFERENCE FOR TEACHERS OF LOCAL TERRITORY

Program for Better Community Meetings Announced—State in Ten Groups.

School teachers of Morgan county and surrounding counties will join in a Better Community conference during the last part of this month, or early in December. The conference will be in line with a statewide program, announced in the Educational Press Bulletin this week.

It is not probable that the gathering will be held in this city, as Sangamon county is included in the group and Springfield is more centrally located to accommodate more teachers.

The conference will be of one day beginning Monday, Nov. 29, and closing Friday, Dec. 4. The purpose of these is to familiarize the entire state with the "Illinois Way" in community work and to stimulate the people of the state to work together in developing better communities in which to live.

The plan in brief is to divide the counties of the state into groups of approximately ten counties each. The counties within these groups will be circulated so that they may be easily reached by the teams on successive days. The tentative groupings are as follows: (1) Lake, McHenry, Boone, Kane, DeKalb, Winnebago, Stephenson, Jo Davies, Ogle, Carroll; (2) Cook, Will, DuPage, Kendall, Grundy, Kankakee, Livingston, Ford, Iroquois, Vermilion; (3) Lee, Whiteside, Rock Island, Mercer, Henry, Bureau, LaSalle, Putnam, Marshall, Stark; (4) Henderson, Warren, Knox, Hancock, McDonough, Fulton, Adams, Schuyler, Brown, Pike; (5) Peoria, Woodford, Tazewell, Logan, McLean, DeWitt, Piatt, Champaign, Douglas, Coles; (6) Mason, Cass, Menard, Scott, Morgan, Sangamon, Christian, Macoupin, Moultrie, Shelby; (7) Calhoun, Greene, Jersey, Macoupin, Madison, St. Clair, Montgomery, Bond, Fayette, Effingham; (8) Edgar, Clark, Cumberland, Jasper, Crawford, Richland, Lawrence, Wayne, Edwards, Wabash; (9) Clay, Marion, Clinton, Washington, Jefferson, Monroe, Randolph, Perry, Franklin, Hamilton, White; (10) Jackson, Williamson, Saline, Gallatin, Union, Johnson, Pope, Hardin, Alexander, Pulaski, Massac.

One conference is to be held each day in each group on Monday, Tuesday, Wednesday, Thursday and Friday of each of the two weeks Nov. 29 to Dec. 3 and Dec. 6 to 10, thus covering the entire state. The conference will usually be held in the county seat, though in a few instances it may be held somewhere in the county. A committee of three will have supervision over each of the ten groups, arranging the circuit and assisting in the preparation of the program. A county committee (three to five suggested) in each county will have charge of the conference within the county. This committee should be chosen at once in each county and have full power to plan for the conference, give it wide publicity and see it through. On this committee should be the county superintendent of schools, the chairman of the board of supervisors or county commissioners, the county agricultural adviser and county home adviser, where the counties are organized, and such other men and women as have had organizing experience and will assure the success of the conference.

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

## LYNNVILLE SOCIETY SERVES DUCK DINNER

Members of the Ladies' Aid society of the Lynnville Methodist church selected an opportune time to serve a duck dinner and oyster supper, the proceeds of which went to a fund to pay for the new dining room and kitchen now being built. It was estimated that more than 125 persons "sampled" the duck at the noon hour Tuesday, and the attendance at supper was large. Approximately \$100 was cleared for the building fund.

The fact that Tuesday was election day added to the attendance at the dinner and supper. Forty ducks were prepared for the dinner and many gallons of oysters disappeared by night.

### PLAN CONFERENCE FOR TEACHERS OF LOCAL TERRITORY

Program for Better Community Meetings Announced—State in Ten Groups.

School teachers of Morgan county and surrounding counties will join in a Better Community conference during the last part of this month, or early in December. The conference will be in line with a statewide program announced in the Educational Press Bulletin this week.

It is not probable that the gathering will be held in this city, as Sangamon county is included in the group and Springfield is more centrally located to accommodate more teachers.

The conference will be of one day, beginning Monday, Nov. 29, and closing Friday, Dec. 3. The purpose of these is to familiarize the entire state with the "Illinois Way" in community work and to simulate the people of the state to work together in developing better communities in which to live.

The plan in brief is to divide the counties of the state into ten groups of approximately ten counties each. The counties within the groups will be circled so that they may be easily reached by the teams on successive days. The tentative groupings are as follows: (1) Lake, McHenry, Boone, Kane, DeKalb, Winnebago, Stephenson, JoDaves, Ogle, Carroll; (2) Cook, Will, DuPage, Kendall, Grundy, Kankakee, Livingston, Ford, Iroquois, Vermilion; (3) Whiteside, Rock Island, Mercer, Henry, Bureau, LaSalle, Putnam, Marshall, Stark; (4) Henderson, Warren, Knox, Hancock, McDonough, Fulton, Adams, Schuyler, Brown, Pike; (5) Peoria, Woodford, Tazewell, Logan, McLean, DeWitt, Piatt, Champaign, Douglas, Coles; (6) Mason, Cass, Menard, Scott, Morgan, Sangamon, Christian, Macon, Moultrie, Shelby; (7) Calhoun, Greene, Jersey, Macoupin, Madison, St. Clair, Montgomery, Bond, Fayette, Effingham; (8) Edgar, Clark, Cumberland, Jasper, Crawford, Richland, Lawrence, Wayne, Edwards, Wabash; (9) Clay, Marion, Clinton, Washington, Jefferson, Monroe, Randolph, Perry, Franklin, Hamilton, White; (10) Jackson, Williamson, Saline, Gallatin, Union, Johnson, Pope, Hardin, Alexander, Pulaski, Massac.

One conference is to be held each day in each group on Monday, Tuesday, Wednesday, Thursday and Friday of each of the two weeks Nov. 29 to Dec. 3 and Dec. 6 to 10, thus covering the entire state. The conference will usually be held in the county seat, though in a few instances it may be held somewhere in the county. A committee of three will have supervision over each of the ten groups, arranging the circuit and assisting in the preparation of the program. A county committee (three to five suggested) in each county will have charge of the conference within the county. This committee should be chosen at once in each county and have full power to plan for the conference, give it wide publicity and see it through. On this committee should be the county superintendent of schools, the chairman of the board of supervisors or county commissioners, the county agricultural adviser and county home adviser, where the counties are so organized, and such other men and women as have had organizing experience and will assure the success of the conference.

### QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing, vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 25c.

### A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is easy to make, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchitis, asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfect and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex with full directions" and don't accept anything else. Guaranteed to give prompt relief.

Pinex is sold by The Chicago Pine Extract Co., Chicago, Ill., and by all druggists.

### LYNNVILLE SOCIETY SERVES DUCK DINNER

Members of the Ladies' Aid society of the Lynnville Methodist church selected an opportune time to serve a duck dinner and oyster supper, the proceeds of which went to a fund to pay for the new dining room and kitchen now being built. It was estimated that more than 125 persons "sampled" the duck at the noon hour Tuesday and the attendance at supper was large. Approximately \$100 was cleared for the building fund.

The fact that Tuesday was election day added to the attendance at the dinner and supper. Forty ducks were prepared for the dinner and many gallons of oysters disappeared by night.

**A BIT OF WAR TIME HISTORY**

Jack was a small town boy—one of those that didn't come back, and that may account for the fact that he is much more appreciated by the neighbors now than he was before he went.

But his mother thinks differently. Jack left his mother some insurance, some debts and a mortgage on the house. And when these were paid up Jack's mother resumed the age old occupation of mental service for others that she might live.

Yesterday the first contribution to the Salvation Army cause came from her—There was no need of a public appeal to this mother—Because the last post card Jack sent was the evening he went into the Argonne, and as he stood in the rain waiting for the line to move up and the darned supplies to get out of the way Salvation Army tasses in khaki handed out "sinks and coffee" and stamped postals they send for you if you don't come out. The Army sent Jack's last message home.

Jack's mother is sending another message—and she handed in ten dollars last night to the fund—the money was in small bills and dirty, and there was a handful of silver—and she couldn't afford it—But there was Jack two years ago. And to her there are other sons in the battle of life that may need help.

Morgan county plans to raise \$3,800 and do it in five days. If we all gave as Jack's mother we would have several million in a day. Dig in your pocket and don't let anything come out less than the ten—If you haven't got it your employer or bank will advance it if it is for the Salvation Army.

**Clash Between Whites and Negroes Results Fatally**

**WHITES BURN NEGRO DWELLINGS**

ORLANDO, Fla., Nov. 3.—The full casualty list at Ocoee, twelve miles from here where two whites were shot to death and one negro lynched yesterday in an election riot and several other negroes perished when the buildings in which they sought shelter were burned, had not reached here tonight. Armed whites were reported

patrolling the region and closing in on negroes who fled to the woods the pursuit being accompanied by intermittent firing.

More than twenty buildings in the negro settlement were burned. Reports from Ocoee tonight, said that the explosion of considerable amounts of ammunition occurred as the flames swept the buildings and that numerous fire-arms were found in the ruins later. Some reports said five negroes died in the flames. One negro woman was among these, it was said but no children were killed.

The battle was precipitated by the attempt of July Perry, a negro, to vote after he had been refused the privilege by election judges on the ground that he had not paid his poll tax. The race outbreak followed Perry himself being lynched.

**OLD SHAVING BRUSH DOOMED**

**Even Lather and Rubbing Are Now Passe.**

Up-to-date Men Are Using Barbasol for Shaving.

Life is truly becoming simpler. Another "habit" has been found a fallacy. All these years men have thought the shaving brush a necessity. With it we have wasted hours of our valuable time working up the lather on our beards preparatory to the daily shave.

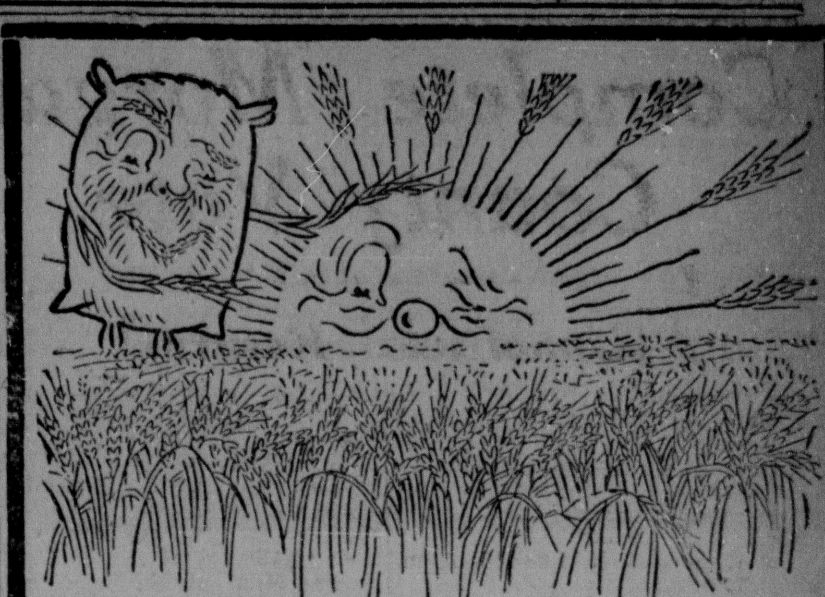

Now, they say, this was lost motion; a waste of time.

The shaving brush is dangerous, carries germs of fatal disease, such as anthrax.

And, the alkali, which must be a part of soap in order to make lather, irritates the face and makes it sore.

Barbasol, the antiseptic beard softener, does away with all these, makes the skin healthy and free from all shaving irritations, smart, and soreness, and gives a better shave.

If your druggist hasn't Barbasol it will be mailed to you on receipt of price, 35 cents, and druggist's name. Made only by the Napco Corporation, Indianapolis, Indiana.

## The Aristocrat of Electric Washers The Laundry Queen with the Copper Tub

Washes and wrings at the same time, wrings out of one batch of clothes while another is being washed—washes twice as fast as other machines.

The washing mechanism moves into your rinse and blue tubs and does all that work. The wringer swings over the different tubs so you need never shift or lift a tub until the wash is out.

And the cost to operate this washer is less than burning a 75-watt lamp because of its planetary gear transmission and it has one of those Emerson motors; the ones with the 5 year guarantee.

Ask your neighbor she has one. Mesdames Phillip Griggs, E. H. Doolan, J. C. Walsh, S. G. Chumley, J. O. Priest, Louis Mastropietro, W. F. Thompson.

Step in and let us show you one of these wonderful machines, a copper tub washer, for \$115.00. Think of it.

### Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown. This whole condition is a warning that nature needs assistance in giving the system a general house-cleaning. Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out all impurities about twice a year. It is an excellent idea to take this precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young. # Big Cataract Washing Machine Demonstration Now Going On At Brady Brothers

Until you know what the 1900 Cataract Washer means in the saving of time, money, work and clothes, you don't know what an important announcement this is!

But we are willing to let you prove that all we say about the 1900 is true. We will deliver one right to your home. Try it out! Do the wash with it! Then when you have tested it, you may start paying for it on terms to suit your convenience.

Here is why the 1900 is the perfect washing machine. It operates on the figure 8 principle—an exclusive feature. By means of this feature, the hot, sudsy water is forced through the clothes in a figure 8 movement, and four times as often as in the ordinary washer.

There are no parts in the tub to cause wear and tear on the clothes. This means that you can wash the daintiest underwear or frilliest blouse right in your 1900. This means a saving in laundry bills. And think, too, of the satisfaction of knowing that your clothes are not being washed in the same water with other people's.

The 1900 Cataract Washer comes in two sizes, holding the equivalent of 8 or 12 sheets. It is easy to operate, and costs less than 3c an hour to run. In 8 to 10 minutes the clothes are snowy white and clean. And when the wash is finished, there are no heavy cylinders to take out and clean.

Here is your opportunity to try the 1900 before you buy it! There is a 1900 Cataract Washer waiting for you.

## MATCH TAKING DEFINITE FORM

Local Horseshoe Pitchers May  
Pitchers May Pitch With Mt.  
Carroll—Match Probably Take  
Place in Galesburg.

For some time there has been some discussion thru the papers between Charles DeSilva of this city and Mayor Paul of Mt. Carroll regarding the relative merits of their horseshoe pitching teams.

The following from the Mt. Carroll paper states Mayor Paul's position.

"Mayor Paul says he is ready with his team, and all he asks is that the teams meet in Galesburg, and that each team puts up \$50 in a bank at Galesburg to insure their coming, so that neither team will make the trip to be fooled by the other not coming. After both teams are there the money will be taken down. It is not a bet—simply a guarantee that they will be on the grounds. Come on, Jacksonville!"

Mr. DeSilva says he is waiting for Mayor Paul to set the date. Galesburg is satisfactory to his team as the place of meeting and he is ready to post his money for appearance with whoever Mayor Paul selects in that city.

## WILL TRY TO GET ALL NAMES ON MONUMENT

Arrangements Made to Have  
Tablet With Missing Names—  
All Who Know of Names Not  
on Tablets Should Send Them  
In.

When the soldiers' monument was a settled fact a movement was at once undertaken to get the names of all veterans of the Civil War who had enlisted from Morgan county or it long enough to be in a measure identified with it so that they might be recorded on the bronze tablets placed on the structure. The matter was advertised for months, a list of all secured was printed and the association felt that they had done all possible to secure the names desired and yet every little while some name omitted comes to light. Friends had forgotten or neglected to hand it in.

Often times word comes that a grandfather, an uncle, a father and even a husband served in the war and his name was eligible and yet had not been given in. The monument association have decided to add another tablet with all the omitted names furnished and it is earnestly hoped that a complete list may be secured. Errors in names already on the monument cannot be corrected. If a very bad mistake has been made it may seem best to record the name over again on the proposed new tablet but that will not be promised.

Now dear friends, one and all, please make every effort to secure all missing names that rightfully belong on the monument. By all means don't telephone them in but write them plainly and bring or send to S. W. Nichols at the Journal Office. This matter will be kept open for some time in order to secure all missing names as far as possible yet, of course, when the next tablet is put on some dilaatory ones will send in names but please try to get all this time.

Persons knowing themselves indebted to the undersigned are asked to call at the old stand, 301 South Main street, and settle.

WILL CANVASS RETURNS  
The canvass of the returns from the election will begin today in the office of County Clerk G. L. Riggs. The canvassing board will include the county clerk, together with Squire A. B. Opperman of this city and Squire Whitlock of Murrayville.

This will be an extensive task and the work will require a number of days. Owing to the size of the ballot, the returns to the county clerk's office are very bulky. There is not sufficient room for their storage in the office and Mr. Riggs decided yesterday to accept the offer of Sheriff Weatherford to have the ballots and supplies stored in cell rooms at the county jail. This will insure their safety in accordance with law.

Persons knowing themselves indebted to the undersigned are asked to call at the old stand, 301 South Main street, and settle.  
L. A. BARNHART.

HOW ARE THE ROADS?  
Many times tourists and persons contemplating a trip to the country are anxious to know the condition of the roads and a prominent garage owner suggested that a bureau of information on that point would be very acceptable. If it could be collected from the various towns and forwarded to the Journal a space might be given it the same as the weather forecast and it would be useful in many ways. Yesterday the writer saw people from Winchester who found the roads passable while others from the northwest direction had bad highways. The road to Franklin was fair as it had been oiled but the road to Chapin was reported bad. Parties from Avenza found rather hard getting along and from most directions the report was against the highways.

BIG CROWD IN  
COUNTY CLERK'S OFFICE  
All Tuesday night and thru the early hours of Wednesday morning the office of County Clerk G. L. Riggs was crowded with election fans. Mr. Riggs and his deputies had a wall plat and a blackboard for the compilation of returns. Arrangements had been made with election officials to telephone the results as quickly as possible. The system followed brought good results and the room was crowded with interested spectators, who evidently appreciated the efforts made to give them the county totals as soon as possible.

## SALVATION ARMY DRIVE BEGINS

Chairman Hopper Reports  
Liberal Contributions on First  
Day of Campaign.

The Salvation Army drive which is to continue thru the week, opened yesterday. Thomas Hopper, chairman of the county advisory board, and of the campaign committee, has a working organization in Jacksonville and the county precincts. Canvassers began their work yesterday with the result that the collections and pledges of the day totalled about \$750 toward the county quota of \$3,800. The solicitors found one especially pleasing thing, that they were welcomed by all persons they called upon and in no instance was a subscription refused.

Chairman Hopper said last night that this could be taken as evidence that the people are ready and willing to aid this good cause, and that it is just a question of "seeing the people." Meanwhile volunteer subscriptions will be quite helpful to the committee.

MADE A GOOD GUESS  
One night last winter Joseph F. Shreve said to an acquaintance, expressing his idea of how the election of Tuesday would go, "I think it is going to be about unanimous for the Republican ticket." A canvass of the results shows that this was not a bad guess.

### MATCH TAKING DEFINITE FORM

Local Horseshoe Pitchers May Pitch With Mt. Carroll—Match Probably Take Place in Galesburg.

For some time there has been some discussion thru the papers between Charles DeSilva of this city and Mayor Paul of Mt. Carroll regarding the relative merits of their horseshoe pitching teams. The following from the Mt. Carroll paper states Mayor Paul's position.

"Mayor Paul says he is ready with his team, and all he asks is that the teams meet in Galesburg, and that each team puts up \$50 in a bank at Galesburg to insure their coming. That neither team will make the trip to be fooled by the other not coming. After both teams are there the money will be taken down. It is not a bet—simply a guarantee that they will be on the grounds. Come on, Jacksonville!"

Mr. DeSilva says he is waiting for Mayor Paul to set the date. Galesburg is satisfactory to his team as the place of meeting and he is ready to post his money for appearance with whoever Mayor Paul selects in that city.

## WILL TRY TO GET ALL NAMES ON MONUMENT

Arrangements Made to Have Tablet With Missing Names—All Who Know of Names Not on Tablets Should Send Them In.

When the soldiers' monument was a settled fact a movement was at once undertaken to get the names of all veterans of the Civil War who had enlisted from Morgan county or had lived in it long enough to be in a measure identified with it so that they might be recorded on the bronze tablets placed on the structure. The matter was advertised for months, a list of all secured was printed and the association felt that they had done all possible to secure the names desired and yet every little while some name omitted comes to light. Friends had forgotten or neglected to hand it in.

Often times word comes that a grandfather, an uncle, a father and even husband served in the war and his name was eligible and yet had not been given in.

The monument association have decided to add another tablet with all the omitted names furnished and it is earnestly hoped that a complete list may be secured. Errors in names already on the monument cannot be corrected. If a very bad mistake has been made it may seem best to record the name over again on the proposed new tablet but that will not be promised.

Now dear friends, one and all, please make every effort to secure all missing names that rightfully belong on the monument. By all means don't telephone them in but write them plainly and bring or send to S. Nichols at the Journal Office. This matter will be kept open for some time in order to secure all missing names as far as possible yet, of course, when the next tablet is put on some dilaatory ones will send in names but please try to get all this time.

Persons knowing themselves indebted to the undersigned are asked to call at the old stand, 301 South Main street, and settle.

L. A. BARNHART.

**WILL CANVASS RETURNS**  
The canvass of the returns from the election will begin today in the office of County Clerk G. L. Riggs. The canvassing board will include the county clerk, together with Squire A. B. Opperman of this city and Squire Whitlock of Murrayville.

This will be an extensive task and the work will require a number of days. Owing to the size of the ballot, the returns to the county clerk's office are very bulky. There is no sufficient room for their storage in the office and Mr. Riggs decided yesterday to accept the offer of Sheriff Weatherford to have the ballots and supplies stored in cell rooms at the county jail. This will insure their safety in accordance with law.

Persons knowing themselves indebted to the undersigned are asked to call at the old stand, 301 South Main street, and settle.

L. A. BARNHART.

**HOW ARE THE ROADS?**  
Many times tourists and persons contemplating a trip to the country are anxious to know the condition of the roads and a prominent garage owner suggested that a bureau of information on that point would be very acceptable. If it could be collected from the various towns and forwarded to the Journal a space might be given it the same as the weather forecast and it would be useful in many ways. Yesterday the writer saw people from Winchester who found the roads passable while others from the northwest direction had bad highways. The road to Franklin was fair as it had been oiled but the road to Chapin was reported bad. Parties from Arenzville found rather hard getting along and from most directions the report was against the highways.

**Jacksonville Lodge 570 A. F. & A. M.** will hold a stated meeting at 7:30 o'clock tonight. Visiting brethren welcome. C. C. Rigden, W. M. E. L. Kinney, Secy.

**BIG CROWD IN COUNTY CLERK'S OFFICE**  
All Tuesday night and thru the early hours of Wednesday morning the office of County Clerk G. L. Riggs was crowded with election fans. Mr. Riggs and his deputies had a wall plat and a blackboard for the compilation of returns. Arrangements had been made with election officials to telephone the results as quickly as possible. The system followed brought good results and the room was crowded with interested spectators, who evidently appreciated the efforts made to give them the county totals as soon as possible.

**AT THE GRAND**  
"Fanny Fair," one of the Boye Woolfolk productions, was staged at the Grand Opera House last night. The audience present found it a joyous and interesting musical revue. The cast included some excellent singers and comedians, and of course dancing had a large place in the program of events.

## SALVATION ARMY DRIVE BEGINS

Chairman Hopper Reports Liberal Contributions on First Day of Campaign.

The Salvation Army drive which is to continue thru the week, opened yesterday. Thomas Hopper, chairman of the county advisory board, and of the campaign committee, has a working organization in Jacksonville and the county precincts. Canvassers began their work yesterday with the result that the collections and pledges of the day totalled about \$750 toward the county quota of \$3,800. The solicitors and canvassers are especially pleased with the fact that they were welcomed by all persons they called upon and in no instance was a subscription refused.

Chairman Hopper said last night that this could be taken as evidence that the people are ready and willing to aid this good cause, and that it is just a question of "seeing the people." Meanwhile volunteer subscriptions will be quite helpful to the committee.
